

Yeah - so this has gone off the rails and backwards almost immediately.

These questions have come from multiple people - they are both hurtful to me as a rape victim and the main reason rape victims regardless of gender - don't talk to the RCMP - and more generally - the undertone is that I am lying or exaggerating.

Penetrative rape of a grown man ?

Yes - 15 people can do what they want to 1 person. But since multiple people asked - 4-6 people hold you down - 4-6 people drink and scream - while 2-3 people put themselves inside you, you inside themselves, or use beer bottles.

Then they trade off when they are bored or want a turn.

If people had read the repo - you'd know I was black from my ribs to my knees - and didn't go to a doctor for months so I wouldn't have to explain anything.

How did Rosanne rape you ?

"I know you are angry but this is not the word to be using and you know it is attention grabbing."

My gut reaction to this - you've already decided it didn't happen. So why would I explain it ?

My gut reaction to this - you've clearly not read the RCMP, SIRT (Serious Incident Response Team) and RCMP Major Crimes documents.

My gut reaction to this - would you really be saying this if a woman was accusing a male family member ?

My gut reaction to this - have you really thought through what's going to happen to me. That my last few days or weeks, unable to walk, talk, feed or clean myself will be in a town that will hate me so intensely I'll be attacked in the street. And before you say that won't happen - it already has been - for different reasons. I've been assaulted in my home and driveway, with weapons from a screwdriver to a chainsaw for the last 18 months (DieDec-Randy). When Liverpool finds out what I'm accusing Rosanne of - a lot of people are going to line up to take a piece of me - because they won't believe me the same way some family already decided it didn't happen.

I'm risking Rosanne coming to kill me as she promised, I'm risking Rosanne beating Dennis and Larry, I'm risking Rosanne destroying Dustin and Sarah - all things she's promised to do.

- 1) I am not angry the way you are implying. Not once in 18 months did I lose my temper, yell, swear, or call anyone by any name other than their first name. That is my brain damage and a quarter century of training and experience.

I stood or sat quietly, calling Karen and Rosanne only that or rapist, as I explained in graphic detail what each was doing - for 18 months - that each would go to prison for rape, mutilation and 7 murders if they didn't let me go.

Each screamed that I was getting what I deserved, that they wouldn't stop until I did what they wanted.

- a) Rosanne wanted Larry starved.
 - b) Karen wanted Rosanne reported to the RCMP for beating Larry and Dennis.
- 2) Read about David Reimer's life - play the mental movie in your head of all of that being done to me with Karen's, Wilhelmina's and Rosanne's bare hands - from 1980 to 1991. Don't forget - my injuries are worse - there are 3 fatal - terminal conditions - that in 1992 I'm told for the first time will end my life, likely before 40.

https://en.wikipedia.org/wiki/David_Reimer

Now try to imagine that after 30 years, half a million dollars, I've learned to live with David's original injuries because I can't afford surgeries or medical treatments to reverse it - and my only concerns are the terminal conditions David didn't have ...

Now try to imagine Rosanne doing it all again - every sexual violation, mutilation David experienced - because I went to the food bank for 10 months to feed Larry while she tried to kill him.

You get to that point - I might decide to talk about something you can't imagine at the moment.

- 3) As I have written, many times over, 18 months of physical and sexual assaults, physical and sexual mutilations, physical and sexual tortures, physical and sexual murder attempts - 18 months of sexual invasions and violations of my body and person - my life and future - more violent - more physically destructive - than years of child rape and a 15 person gang rape.

As I have written, many times over, 18 months of sexual violations worse than rapes I have survived - this one I won't.

As I have written, many times over, if anyone had read the files, 18 months of worse than rape, mutilations and murder.

Rape is the word I use because it is the most accurate. It conveys the hundreds of pages of written material I have provided on the sexual violations I was tortured and killed with - contacting the RCMP, SIRT and RCMP Major Crimes.

Rape is the word I use because if I had a stronger more accurate one - I'd use it.
